

# FAIRVIEW HIGH COURSE BOOKED

New Lecture Program Expected to Prove Better Than Ever This Year.

FAIRVIEW, Sept. 22.—The lecture course committee of the local high school has completed the booking of the lecture course programs for the ensuing year. The Continental Lyceum Bureau of Louisville, Ky., will furnish the numbers as follows: The Colossus; Argus, the magician; H. W. Sears, impersonator; Harold Frazer, humorist lecturer; Singers and Players Club and the Bonnie Lassies. The dates have not yet been set but as soon as the committee receives a report from the bureau season tickets will be put on sale at a low price in order to give every one an opportunity to see and hear these attractions.

**Pictures at High School.**  
The management of the local high school moving pictures and visual education will open its season in the school auditorium, beginning October 10 and will show one night weekly for twelve consecutive weeks. The management has booked a serial picture based upon Sir Arthur Conan Doyle's, "Adventures of Sherlock Holmes," which will run the entire period. A two-reel comedy will be given as an added attraction each week. A news weekly will also be added to the evening's program.

An asbestos booth has been ordered for the machine and every convenience for safety will be added to the hall to make it safe for those attending the programs.

**Weight Football Team.**  
Whether or not Fairview High School will make a showing in football this season is still a matter of doubt. One thing is certain and that is that the avoidups massed on the team will be greater than the average high school team.

Coach Copp carefully weighed his most promising candidates yesterday evening and find them lining up the scales as follows: Fullback, Gimp 169; halfbacks, Toothman 140, Lewis 143, Underwood 165, Cronin 150; quarterbacks, Macheoney 125, Michael 146, Freeland 135; center, Dodd 146, Musgrave 183; guards, Maness 202, Fyer 147, Mason 161; tackles, Jones 156, McElroy 150; ends, Mitchell 130, Gorman 140.

**Weiner Roast.**  
The alumni of the local high school with several members of the faculty held a weiner roast on Monday near Fairview last evening where a pleasant evening was spent with games, stories and other forms of entertainment. Sandwiches and coffee were served as the evening meal.

**Kingmont Sunday.**  
The Kingmont baseball club will cross bats with the Fairview athletic club Sunday afternoon on the local grounds. This will be the home team's last game of the season. The gate receipts are to be divided on the 60-40 plan which will insure a hard fought contest. The locals will invest their share of the gate receipts in the purchase of new uniforms for next season. The game will be called at 3 o'clock.

**Tables Here.**  
Tables and complete equipment for the commercial department of the local high school have arrived and carpenters are busy getting everything arranged to take care of the large enrollment in these classes. Night classes will be organized in commercial subjects next week to give many who are unable to take advantage of attendance at day classes an opportunity to do the work at night. Dr. M. S. Harper, formerly of Baltimore, Md., is in charge of this department.

**Personals.**  
L. C. Yost has been admitted to the Mason Hospital, Clarksburg, where he will undergo a major operation.

W. D. Yost and Claude Jarvis were business visitors in Clarksburg yesterday.

The Reverend Mr. Maness, Paul Maness and J. C. Yost were business visitors in Clarksburg yesterday.

## Common Sense About Eczema and Eruptions!

Here's Something About S. S. S. That You'll Be Glad to Hear.

You might just as well know it right now the cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There is no getting away from it. Science has proved it. You can prove it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't common sense to simply treat the skin. A bottle of S. S. S. will prove to you what is happening in your blood. S. S. S. is a scientific blood cleanser—it drives out the impurities which cause eczema, rashes, pimples, boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle. Your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the red kind that the whole world so admires. S. S. S. is also a powerful body-builder, because it builds new and more blood cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost flesh. It costs little to have this happen to you. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

## FAIR PLAY FOR THE FARMER'S WIFE

The farm woman is coming into her own. She has been underpaid and overworked for generations. On the ordinary farm where there is no specialization, the farm wife generally has supervision of the milk, butter, eggs, fruits and vegetables. Poor facilities for marketing have hindered her at every turn.

Every woman in America must approve of the law passed under the Republican administration giving the farmers the right to enter into co-operative marketing organizations. When the farmer's wife has plenty of fruit, the chances are her neighbors have plenty of fruit. Under the new law this fruit may be marketed together. This law will mean better food for the housewife in a city apartment as well as a fair price to the woman on the farm.

Many city dwellers do not realize that two-fifths of the buying power lies in the farms. They are apt to think of farmers as being able to produce under any conditions. The farmers are the largest buyers of leather and textile goods. They are the largest buyers of automobiles and other motor vehicles. They are the largest shippers of freight. When the farms suffer all other industries must suffer.

ness visitors in Wheeling last Tuesday.

The Misses Alice Moore, Ruth McCombs and Pauline Bogges visited in Fairmont Tuesday evening. A. O. Heck, formerly a member of the Paw Paw district board of education, visited the schools of Riverdale yesterday.

Gerald Carpenter transacted business in Barrackville yesterday. Arthur Garrett of the Fairmont West Virginian was looking over the football material of the local high school yesterday.

PITTSBURGH, Sept. 22.—A sentence of one year was imposed today on G. H. Papin of Oakmont—known as "Doctor Leon"—who was convicted of telling fortunes. Four witnesses testified they paid Papin a fee to have their palms inventoried.

## TO DELAY APPOINTMENT

PITTSBURGH, Sept. 22.—Appointment of a bishop to succeed the late Cortland Whitehead in the Protestant Episcopal diocese of Pittsburgh probably will be delayed until January. A conference will be held here at that time.

Tables and complete equipment for the commercial department of the local high school have arrived and carpenters are busy getting everything arranged to take care of the large enrollment in these classes.

Night classes will be organized in commercial subjects next week to give many who are unable to take advantage of attendance at day classes an opportunity to do the work at night.

## BARTER REPLACING MONEY IN GERMANY

WEIMAR, Germany, Sept. 22.—(By the Associated Press.)—Barter is replacing the use of money in various parts of Germany as a result of the serious depreciation of the mark.

The Weimar board governing the agricultural schools at Triplis and Markuhl has fixed the tuition for the winter term in rye instead of money. Thuringians will pay one and one half centners (hundred weight) for the semester and non-residents of Thuringians two centners. The Saxon Power Co. at Auma has announced that it will gladly receive, instead of cash, ten eggs, three pounds of wheat flour or potatoes for each kilowatt hour of electricity consumed.
